

A Cash Award for You!

The Florida Engineering Foundation is offering an award of \$1000.00 to a K-6 and \$1000.00 to a 7-12 grade teacher who promotes engineering through the classroom application of Science, Technology, Engineering, and Mathematics. The criteria used to evaluate the projects include:

- STEM content
- The number of students impacted
- Novelty of the program
- Success of the program
- Intent to proliferate or enhance the program
- Inclusiveness

Interested applicants should **submit an abstract describing their project/lesson** ideas along with their **name, school address, home and work phone numbers** and **e-mail address to Daniel.mcfarland@sdhc.k12.fl.us** or mail to Dan McFarland c/o Durant High School 4748 Cougar Path Plant City, FL 33567. **The deadline for submissions will be September 30, 2009.** The winners will be awarded at the NSTA conference in November of 2009. If you have further questions, contact Daniel.mcfarland@sdhc.k12.fl.us
